ABOUT ME

JUST KAYCODE, is a Kenyan DJ and music producer who began his journey in 2013. With over a decade of experience behind the decks, he has mastered the art of blending urban and cultural sounds, with a strong passion for Mugithi music, which has become his signature style.

Over the years, **JUST KAYCODE** has entertained crowds in some of Nairobi's most vibrant venues, including Attic Lounge, Roadhouse Grill, and Fine Breeze (Dagoretti), among many others. Known for his seamless transitions, energy-packed sets, and ability to read the crowd, he has built a loyal following and earned recognition as a crowd-favorite entertainer.

Beyond the club scene, **JUST KAYCODE** has made his mark on mainstream media, with appearances on Citizen TV, Inooro TV, Gichichio TV, and Hot 96 Radio, where he has showcased his talent to a national audience and further solidified his brand.

He has also engaged himself in many Corporate and Private Events all over Kenya such as book launches, end year parties, weddings, dowry occasions, birthday parties and lot more.

In 2024, he expanded his craft into music production, aiming to create fresh Mugithi-infused tracks and remixes that highlight Kenya's rich musical culture. His unique sound bridges traditional rhythms with modern urban vibes, making him a key figure in keeping Mugithi relevant for younger audiences.

With a growing fan base, media presence, and a passion for innovation, DJ Kaycode continues to push boundaries — not just as a DJ but as a curator of Kenya's evolving music scene.
